Dear PURE Member:

To help ensure you are properly covered in the event of a loss, you will notice that we have increased the coverage amount for your insured valuables by 5% in your upcoming policy renewal. We are proposing this adjustment to reflect our best estimate of the appreciation of your valuables since your coverage was purchased. The actual appreciation of any particular item is influenced by a variety of things including inflation of materials, rarity, and sales trends of the category.

It is most important that your insurance program reflects your needs. We encourage you to contact your insurance broker if you would like to adjust your coverage amount, or update your policy to reflect items you have added or removed from your collection. Also, note that we provide a 20% discount on your premiums for insuring your collection at recently appraised values. If you have had your valuables appraised within the last two years and aren't already receiving this premium credit, please let us know.

PURE Member Advocates® can help you manage your collection. Contact us for a complimentary consultation to help you understand your options for appraisals and other services (shipping, storage, restoration, etc.), help you find the right experts, negotiate most favorable pricing and even help facilitate the work.

You can reach us at 888.813.PURE (7873) or memberadvocate@pureinsurance.com.

Thank you for your continued membership of PURE.

Sincerely,

A handwritten signature in black ink that reads "Gil Wasserman". The signature is fluid and cursive, with a long horizontal flourish at the end.

Gil Wasserman
